

SAFETY DATA SHEET

AMP 5GB

Page 1 of 5

Date: 08/11/2007

Version: 1

Original: 25/05/2007

1 IDENTIFICATION OF THE SUBSTANCE AND COMPANY

Identification of the substance: **AMP 5GB**; Reg. We DGSP 0 9 -30 / 50 -05 3 6 1 and 0 9 -
30/50. - May 3 June 1 HA

Use of the substance: Insecticide / Atrayente

Company identification: GMB INTERNATIONAL SA
(Distributor) Pol. Ind. San José de Valderas II. Alameda community
C / Aurora Borealis, 6, Nave 35
28,918 - Leganés (Madrid)
Tel .: 91 612 11 December; Fax: 91 610 68 30
E-mail: gmb@tsai.es

Emergency telephone: GMB INTERNATIONAL SA Technical Department. 96 153 61 00
(office hours)...
Medical Toxicology Information: 915620420

2 HAZARDS IDENTIFICATION

Adverse effects to human health: Any.

Environmental effects: Any.

Product Rating: According to EU criteria, the product does not require any
classification concerning human toxicity or environmental.

3 COMPOSITION / INFORMATION ON INGREDIENTS

Chemical composition: Based insecticide acetamiprid

Components contributing to the hazard: Acetamiprid (CAS: 60430-64-8 1, clas EC. Xn - R20 / 22 ; R52
/ 53): 0,5%
(Z) -tricos-9-ene (CAS: 27519-02-4, unrated): 0.06%

4 FIRST AID

General information: No special measures required.

Skin contact:	Overall, the product is not irritating to the skin but is recommended to wash affected areas with soap and water and rinse with water.
Eye contact:	Rinse immediately and thoroughly, separating good eye lids (for at least 15 minutes).
Ingestion:	If symptoms persist, consult your doctor.

5 FIRE - FIGHTING MEASURES

Suitable extinguishing media:	Carbon dioxide (CO ₂) Foam Powder water spray
Unsuitable extinguishing media:	Any
Protection for fire - fighters:	No special measures required. If necessary, use a self contained breathing apparatus, depending on the size of the fire, use full protective clothing.

6 MEASURES ACCIDENTAL RELEASE

Personal precautions:	See the instructions for the protection of people and protective clothing (section 8 =
Precautions for environmental protection:	No special measures required
Cleaning methods:	Recover spill with mechanical means. Send pouring product for recovery or disposal in suitable packaging.

7 HANDLING AND STORAGE

HANDLING:

Technical measures:	During handling, considering the normal precautions for handling chemicals. Respect the conditions of use of the product. Do not eat, drink or smoke during work.
---------------------	---

STORAGE:

Storage conditions:	
- Recommended:	Warehouse: - The container must be tightly closed and dry - In a cool, well - ventilated area - Out of reach of children - Away from food and drinks and animal feed

Packaging materials:

- Recommended:	Original packaging.
----------------	---------------------

8 EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering measures:	No further action. See item 7.
-----------------------	--------------------------------

Ingredients with limit values that require monitoring at the workplace: Pure Sucrose (CAS No. 57-50-1.) (50-100%):
WEL Short term: 20 mg / m³
WEL Long - term: 10 mg / m³

Personal protection equipment:

- Respiratory protection: It is not required.
- Skin protection (hands): It is not required.
- Eye protection: It is not required.
- Skin protection (rest of body): It is not required.

Hygiene measures: Avoid any unnecessary contact with the product. Do not eat, drink or smoke in the workplace and keep it tidy.

9 PHYSICAL AND CHEMICAL PROPERTIES

Appearance: granules

Color: Yellow

Odor: Weak

pH: 7.68 (1% aqueous solution)

Flammability characteristics:

- Auto-ignition temperature: The product is not self-flammable

Explosive properties: no

Bulk density: 755-792 g / l

Solubility:

- Water: completely miscible

10 STABILITY AND REACTIVITY

Stability: Stable at room temperature and under normal conditions of use.

Dangerous reactions:

- Conditions to avoid: No decomposition if used according to specifications.

- Decomposition: Any

products dangerous:

11 TOXICOLOGICAL INFORMATION

There is no toxicological data of the formulated product. All

available toxicological information refers to the active substance acetamidrid (CAS No. 135410-20-7.):

Acute toxicity:	Oral LD50:	417 mg / kg (rat, male) 314 mg / kg (rat, female)
	Dermal LD50:	> 2000 mg / kg (rat)
	LC50 inhalation:	1.15 mg / l (4h) (rat)
Local effects:	eyes:	nonirritating
	Skin:	nonirritating
Sensitization:	Sensitization:	Not sensitizing in contact with skin
Additional toxicological information:	The product is not subject to any classification according to the calculation method proposed by the management of hazardous products.	

12 ECOLOGICAL INFORMATION

ECOTOXICITY: Is not available ecotoxicological data on the formulated product. All ecotoxicological information refers to the active substance acetamidrid (CAS No. 135410-20-7.):

Effects on the aquatic environment: EC50 (algae) / 72h:> 98.3 mg / l
LC50 (trout) / 96h:> 100 mg / l
EC50 (daphnia) / 48h: 141mg / l

13 DISPOSAL CONSIDERATIONS

REMAINS OF PRODUCT:

Prohibition: This prohibited the discharge of waste into rivers and drains.

Destruction / Disposal: Destroy the product in accordance with national regulations as appropriate.
Incinerate in authorized facilities

CONTAMINATED PACKAGING:

Destruction / Disposal: Do not reuse empty containers. Put them in authorized areas
Incinerate in authorized facilities

14 TRANSPORT INFORMATION

INTERNATIONAL REGULATIONS:

Ground transportation:

- Road / Railway (RID / ADR): Not qualified

15 REGULATORY INFORMATION

LABELED:

The product is not subject to any classification according to the calculation method proposed by the management of

		hazardous products.
- Identification of products	dangerous:	It Contains: Ingredient (s) active (s): Acetamidrid: 0.5% w / w
- Symbols and indicative of	danger:	not applicable
- R phrases:		Any
- S phrases:		S2: Keep out of reach of children S13: Keep away from food, drink and feed S29: Do not empty into drains S35: Dispose of waste product and its container precaution S45: In case of accident or discomfort, seek medical advice immediately (if possible show the label)
- Additional phrases:		Use reserved for professional applicators.
NOTE:		The above information refers to the principal regulations specifically applicable to the product described in the Safety Data Sheet. The basic texts cited are being updated and transcribed into national legislation. Refer to any regulations or rules at international, national and local levels. The attention of the user on the possible existence of additional provisions which complete these regulations.

16 OTHER INFORMATION

* Upgrade: This sheet was updated (see date listed at the top of this page). Subtitles and texts that have been modified from the previous version are marked with an asterisk (*).

This sheet completes the technical sheets but does not replace it. The information provided is based on our knowledge of this product, at the time of publication. It has been made in good faith.

The information contained in this document is, according to our current, true and accurate knowledge. But any recommendations or suggestions they are here without any guarantee, since the conditions of use of the product are beyond our control. Furthermore, nothing contained herein should be construed as a recommendation to use any product in violation of laws, safety practices or patents in force on any material or its use.

This Safety Data Sheet has been prepared and updated in accordance with Directive 91/155 / EEC of 27 July and Royal Decree 99/2003 of 24 January.
