Insect-a-clear Fly Check

Glue board machines are growing in popularity with hygiene managers and Environmental Health Officers. The reason behind this is the fact that any fly debris – however small – is retained on the glue-board. They are therefore very popular in food preparation and other sensitive areas.

FLYCHECK incorporates the following impressive features:

- Brushed finish stainless steel case
- Can be wall mounted or suspended
- Super Slim line Design
- Tools free servicing with safety interlock
- Superior European manufactured UV Lamps
- Discreet black glue board – Designed with Maximum Catch Area
- Special glue board lasts up to 3 months
- Insect-a-clear Glue board machines ensure even the smallest flies are caught and retained ideal for easy catch analysis

CE approved and tested to BSEN 60598-1:2004. 1 year (except lamps, starters and glue board). Terms and conditions apply .
