Insect-a-clear Fly Shield Solo

The Solo has been specifically designed for discreet, stylish and effective insect control and is ideally suited not only for domestic use, but also for restaurants, reception areas, coffee shops or sandwich bars, to name but a few. The main body of the Solo is made from corrosion resistant, anodized aluminum, which not only means it is simple to keep clean but also makes it light and easily portable, if so desired.

By combining its powerful 20w, energy saving ultra violet lamp with its large unobstructed glue board, Insect-a-clear have come up with a truly effective unit. The following features are incorporated on the Insect-a-clear FLY-SHIELD Solo:

- Stylish contemporary design Discreet glue board for trapping and retaining flying insects
- Suitable for wall mounting or free standing.
- Aluminum construction for excellent corrosion resistance.
- Attracts flying insects within an area of 90 sq meters, size of 230x310x125 mm
- High attraction energy saver lamp – no separate starter required.
- Designed and manufactured in the UK.
- Easy servicing, NO TOOLS REQUIRED.
- Shatter resistant lamp option available.
- Plastic fly killers can degrade and become brittle due to the effect of the ultra violet light. This model, being all steel, is unaffected by this.

CE approved and tested to BSEN 60598-2-4/1998 & 60598-1:2004.
